

Slaley Hall Hexham, Northumberland

SITE INFORMATION:

Four star country hotel and golf course

Distributor:

Lockhart Catering Equipment

PROJECT DETAILS:

The requirement was to replace an existing chaffing dishes on tables style breakfast servery with elegant but flexible servery counters. Set in an Edwardian Mansion the choice of materials specified needed to match the elegant surrounds.

COUNTER SPECIFICATION

- Synergy refrigerated wells & heated glass modules
- Counter top from 20mm Bon Accord granite
- Counter fronts Nevamar Tendu WZ2007PV
- Units are mobile and individually wired to allow maximum flexibility
- Magnetic bright stainless steel feature joint strips
- Matching chef's station with induction hob and splash screen

Lockhart Catering Equipment

DESIGN PROCESS:

Following a site meeting to understand the requirement at Slaley Hall, the Victor Contracts Manager produced some stylised visual layouts for further discussion. The requirement for mobile units that looked fully installed was given particular attention with specially designed jointing pieces specified.

CUSTOMER COMMENTS

"We at Slaley Hall are delighted with our new servery, Steve McGarvie from Victor quickly grasped what we were trying to achieve..... the end result exceeded our expectations and has allowed us to further enhance the food service offer to our discerning guests"

Allan Wilson - Resident Manager
