EVOLUTION

RETAIL DISPLAYS

Evolution and *Evolution+* units are available in hot, ambient and refrigerated options, making it possible to mix-and-match products from the range to suit a wide selection of food service outlets.

SEH90ED2

HEATED ASSISTED SERVICE

These high capacity display cabinets are perfectly suited for deli's, coffee shops, convenience stores and the rapidly expanding market of 'Food 2 Go' outlets.

Available in both assisted and self service to give you maximum control over how food is displayed and purchased.

PRODUCT FEATURES

- Multi-zone air jet heating technology surrounds the product on display in an envelope of heat by recirculating temperature controlled hot air
- Heated flat base and two inclined shelves
- Independent temperature control to each heat zone
- Enhanced specification LED illumination to each level
- wwHinged rear opening double glazed door/s
- Enclosed to the front for assisted service

SPECIFICATIONS

MODEL	DIMENSIONS (mm)	DOORS	POWER (kW)
SEH60ED1	600 x 750 x 1350	1	1.9
SEH90ED2	900 x 750 x 1350	2	2.8
SEH120ED2	1200 x 750 x 1350	2	3.6

SEH60ED1 SINGLE HINGED DOOR

SEH90ED2 DOUBLE HINGED DOOR

HEATED SELF SERVICE

Perfect for displaying impulse buy and 'Grab & Go' hot foods such as pies, sandwiches, hot rolls, soup and pizza slices in independently controlled temperature zones. The temperature of pre-heated food is held between 65°C - 95°C.

Ambient units are also available to display complementary products.

PRODUCT FEATURES

- Multi-zone air jet heating technology surrounds the product on display in an envelope of heat by recirculating temperature controlled hot air
- Heated flat base and two inclined shelves
- Independent temperature control to each heat zone
- Enhanced specification LED illumination to each level
- Hinged rear opening double glazed door/s
- Open to the front for self service

SEH60SPD1 WHITE LAMINATED BASE PANEL OPTION

SEH90SPD2 DOUBLE HINGED DOOR

SER90E WHITE LAMINATED BASE PANEL OPTION

REFRIGERATED ASSISTED SERVICE

The Evolution range has been designed to maximise performance at the same time as offering an aesthetically pleasing suite of displays that can co-ordinate with any backdrop.

Standing 1350mm tall, it is the ideal height to ensure staff can make eye contact with customers without obstruction. The slender black border perfectly frames the contents whilst LED lighting helps to optimise food display.

SER60E SINGLE HINGED DOOR

SER90E DOUBLE SLIDING DOORS

OPERATING CONDITIONS

- Designed to comply with the operating requirements of BS EN ISO 23953 - 2:2015.
- Performance level M1 (-1°C to +5°C) in Climate class 3 (25°C- 60% Relative Humidity, 0.2m/s wind speed)

PRODUCT FEATURES

- Microprocessor based temperature control with automatic defrost and condensate handling system, for trouble free operation
- Enhanced specification LED illumination to each shelf
- Double glazed eco gas filled thermo glass panels
- Three height adjustable 8mm toughened glass shelves can be inclined by 10° if required
- Stainless steel removable recessed well for service access and cleaning
- 900mm & 1200mm models feature sliding double glazed rear doors and 600mm models feature a hinged door
- 900mm & 1200mm models are rear vented 600mm units are through vented

SPECIFICATIONS

MODEL	DIMENSIONS (mm)	DOORS	POWER (kW)
SEH60E	600 x 750 x 1350	1	1.9
SEH90E	900 x 750 x 1350	2	2.8
SEH120E	1200 x 750 x 1350	2	3.6

REFRIGERATED SELF SERVICE

The glass panels on Evolution refrigerated cabinets are injected with Argon gas, designed to stop condensation and heat transfer, allowing hot and cold units to be placed side-by-side.

The inclusion of a Transerv compressor removes the need for unsightly grills to the front of the unit. This excludes the 600mm unit.

SER90SP WHITE LAMINATED BASE PANEL OPTION AND TICKET STRIPS

OPERATING CONDITIONS

- Designed to comply with the operating requirements of BS EN ISO 23953 - 2:2015.
- Performance level M2 (-1°C to +7°C) in Climate class 3 (25°C- 60% Relative Humidity. 0.2m/s wind speed)

- Standard product includes bright polished stainless or coloured plastic coated steel base wrap
- Additional cost options of decorative laminated panels
- Units are also available without a base wrap for self cladding or installing up to a counter front

OPTIONAL EXTRAS

- Thermal pull down night blind
- Shelf edge ticket strips - that simply hang on to the front of the shelves
- Wire product display racks
- Castor covers - satin finish stainless steel covers
- Impulse brackets

HEATED SELF SERVICE

The concept of a one-stop, unmanned solution for 'Grab & Go' food service is now at the forefront of the food service offering.

Consumers are looking for a rapid, convenient alternative to traditional vending machines and food service counters. The Evolution+ range has been designed to increase customer engagement, speed up service and offer freshly made, healthy food options.
